| Post Code: | |
| CPH number: | |

Declaration by the holding *owner/*agent *Delete as appropriate

I, (insert name),
being the owner/agent in charge of the holding detailed above do declare that:

- a) From 1st January 2022, or from when the sheep/goats in temporary residence on the holding gain Scrapie Qualifying status (whichever is earlier) ovine and caprine animals, with the exception of sheep certified under Scheme Rules as ARR/ARR prion protein genotype, are introduced on to the holding only if they come from a holding which has either: a) SMS Qualifying status, or b) SMS Controlled or Negligable Risk status.
- b) All sheep/goats on the holding must be kept segregated from physical contact at all times with any animals of a lower SMS status.
- c) Farm boundaries must be adequate to prevent animals from straying onto or off the holding(s) and to prevent nose to nose contact with animals on other holdings.
- d) All fallen sheep/goats over the age of 18 months will be submitted for examination for scrapie in accordance with the scheme rules.
- e) The sheep/goats on the holding(s) will be identified in conformity with national legislation; all animals will be individually identified and movements of all individual animals (both live and dead) on and off the holding(s) will be recorded
- f) Any suspect case of scrapie will be reported to APHA and the OV.

GB Scrapie Monitoring Scheme

As operated by SRUC Veterinary Services

Certificate of Official Veterinarian

I, MRCVS (insert name)
certify that:

- a) I have examined the movement records and associated documentation of the holding identified above and they are consistent with the above declaration.
- b) If it is suspected that an animal on the holding is affected with classical or atypical scrapie, this must be reported to APHA.
